# Tutor Request

Paoli Jr-Sr High School offers **STUDY TABLES** from 7:30am-8am Monday through Friday AND 3:20pm-4:30pm Monday through Thursday. A certified teacher and National Honor Society (NHS) **volunteer tutors** are available to help students with questions related to homework or course content in all 7<sup>th</sup> to 12<sup>th</sup> grade classes.

In most cases **STUDY TABLES** (as well as meeting with the student's classroom teachers before or after school) provide enough support for students in need of tutoring.

If continued use of **STUDY TABLES** and extra help from the appropriate classroom teacher(s) before or after school do not provide enough support for students, **volunteer tutors** (NHS) may be available to help one-on-one. The scheduling of **volunteer tutors** can sometimes be difficult as these same students help with **STUDY TABLES**. If the support mentioned above has been utilized and a tutor is still needed a parent should submit this request to the guidance office after completing the following:
